(Section 3-1-511): The program administrator does not have sufficient time and resources to administer the diploma program in medical office assistant. A review of Mr. Pulaski's signed data sheet and the class schedule indicates that 90 percent of his time is allocated to instruction and 10 percent to the administration of the program. Mr. Pulaski is currently teaching MED 110, Basic Medical Procedures; MED 115 Medical Equipment; MED 220, Advanced Medical Procedures; and MED 230, Advanced Patient Care, totaling 25 hours of instruction per week. Mr. Pulaski's signed job description did not have any reference to administrative duties. In addition, students indicated that they were unaware of the administrator of the program and if a faculty member cannot answer their specific concern, they were left without a resolution. The administration noted that a communication will be provided to all students in the program informing them of Mr. Pulaski's appointment as the program administrator; however, no documentation was presented to the team.
