**Subject: Student Achievement Review – Campus-Level Compliance Warning (Closing Campuses)**

MILLER-MOTTE COLLEGE, GREENVILLE, TENNESSEE

ID CODE: 00024664(BC)

Dear Ms. Fielder:

The Council has reviewed your most recently submitted 2017 Campus Accountability Reports (CAR), and the reported campus-level placement rates of 47% and 36%, respectively, for the Clarksville and Greenville campuses do not meet the Council's standard of 60%. The Council has also taken under consideration that the institution will be ceasing all instructional activity no later than **May 27, 2018**.

### **Council Action**

Therefore, the Council acted to place the campuses on **compliance warning** for the below-standard results for 2017, through the cessation of academic activity. In the interim, the campuses are required to submit updates on the progression of current enrollments, because, according to the most recent student audit received, there are students who are not scheduled to complete/graduate until late 2018 or 2019. These updates, including Part II of the Campus Closure Application, are to be uploaded to the preexisting campus closure applications in the Member Center and indicate, by student, those that will complete prior to May 27, 2018; those that will transfer elsewhere; and those that are choosing not to complete their programs. The campuses must also provide any executed teach-out agreements for the Council's review and approval.
