Subject: Student Achievement Review – Campus-Level Compliance Warning

Florida Career College - Lauderdale Lakes, FL
Florida Career College-Margate -Margate, FL

ACICS ID: 00022169(BC)

ACICS ID: 00041942(BC)

Dear Mr. Rodriguez:

The Council has reviewed your most recently submitted 2017 Campus Accountability Report (CAR) for the **Lauderdale Lakes, FL**, and **Margate, FL**, campuses, and the campus-level placement rates of **58%** for the Lauderdale Lakes campus and **54%** for the Margate campus do not meet the Council's standard of 60%.

Council Action

Therefore, the Council acted to place the institution on **compliance warning** for the below-standard results for 2017, subject to the Council's review of the campuses' 2018 Campus Accountability Report. In the interim, the campuses are required to complete the following:

1. An Improvement Plan that has been incorporated into the current Campus Effectiveness Plan (CEP) and includes specific activities that are being implemented to improve the programs that are negatively impacting the campus-level placement performance for each campus. These plans are subject to review by an on-site evaluation team or upon request by the Council.
2. Quarterly 2018 Campus Accountability Reports (CAR), to be submitted via the ACICS CAR system. The institution is reminded that **ONLY** placements that have been submitted to the PVP, verified by the graduate and/or employer, and validated by ACICS may be reported on the Report.

Failure to follow the Council's directive may result in the suspension or revocation of your institution's grant of accreditation.

Mr. Luis Rodriguez

The Council is obligated to take adverse action against any institution that fails to come into compliance with the *Accreditation Criteria* within the established time frames without good cause. Given that the campuses' longest programs are offered at the **academic associate's degree level**, you are advised that compliance must be achieved within 24 months. Please consult the Introduction of Title II, Chapter 3 of the *Accreditation Criteria* for additional information.

If you have any questions about this action, please contact Ms. LaToya Boyd at (202) 336-6777 or lboyd@acics.org.

Sincerely,

Michelle Edwards
