Dear Ms. Whitt:

The Council has reviewed your most recently submitted 2017 Campus Accountability Report (CAR), and the campus-level retention rates of 53% (Memphis Campus) and 52% (Nashville campus) do not meet the Council's standard of 60%.

Council Action

Therefore, the Council acted to place the institution on **compliance warning** for the below-standard results for 2017, subject to the Council's review of the institution's 2018 Campus Accountability Reports. In the interim, the institution is required to complete the following:

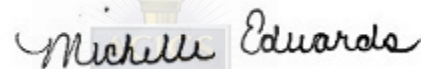

1. An Improvement Plan that has been incorporated into the current Campus Effectiveness Plan (CEP) and includes specific activities that are being implemented to improve the programs that are negatively impacting the campus-level retention performance for each of these campuses. This plan is subject to review by an on-site evaluation team or upon request by the Council.
2. Quarterly 2018 Campus Accountability Reports (CAR), to be submitted via the ACICS CAR system. Documentation to support any retention waivers may be requested by the Council, at its discretion.

Failure to follow the Council's directive may result in the suspension or revocation of your institution's grant of accreditation.
